So, it turns out, "location" isn't just the three most important things to know about real estate. For Citizens Business Bank, centered in the area of California known as the Inland Empire (which includes Riverside and San Bernardino counties), its location couldn't have been more fortuitous in the past 10 years. Between 2002 and 2015,

"Absolutely the toughest part of the business, even worse than NIM. If you had all the best people I wouldn't have to worry about NIM."
 But it's the quality of business bankers, and the high customer satisfaction rates that they consider, that complement the Inland Empire location as a key to the bank's success, says
