**Item 5.02(e) Departure of Directors or Principal Officers; Election of Directors; Appointment of Principal Officers; Compensatory Arrangements of Certain Officers**

On February 21, 2007, the Compensation Committee of CVB Financial Corp. ("CVB") approved a Deferred Compensation Plan for directors and certain specified officers of CVB and CVB's wholly owned subsidiary, Citizens Business Bank (the "Plan"). Under the Plan, which became effective on February 21, 2007, directors and certain specified officers (including all of CVB's named executive officers, other than Mr. Myers, who has a separate deferred compensation plan) may defer up to 75% of their base salaries and up to 100% of their annual bonuses, any commission payments, and compensation that may be received by directors as reportable on Form 1099, as applicable on a tax deferred basis. There is no guaranteed rate of earnings on the participants' accounts.

Upon reaching the retirement age of 62 years, a participant will receive the balance of his or her account in approximately equal annual installments over a period of no more than 15 years. In the event of a participant's separation from employment for a reason other than retirement, the participant will receive the balance of his or her account in one lump sum in cash. A participant may elect to receive all or part of the balance in his or her account in either one lump sum or in approximately equal annual installments over a period of no more than 15 years upon death, disability, or a change of control.

A copy of the Plan will be filed with CVB's Annual Report on Form 10-K for the fiscal year ended December 31, 2006.

**Item 8.01 Other Events**

On February 21, 2007, the Board of Directors of CVB approved a new program to repurchase up to 2,000,000 shares of its common stock. This program is being combined with the remaining 775,163 shares that remain unpurchased from CVB's previous stock repurchase program, approved in October 2001. Accordingly, CVB will have the authority to repurchase up to 2,775,163 shares (this number will not be adjusted for stock splits, stock dividends and the like) of its common stock in the open market or in privately negotiated transactions, at times and at prices considered appropriate by CVB, depending upon prevailing market conditions and other corporate and legal considerations.
