Item 1. Changes in Control of Registrant.

None.

Item 2. Acquisition or Disposition of Assets.

On October 4, 1999, Orange National Bancorp, a California corporation ("ONB") merged (the "Merger") with and into CVB Financial Corp. ("CVB"). The Merger was immediately followed by the merger (the "Bank Merger") of Orange National Bank ("Orange") with and into Citizens Business Bank ("CBB"). At September 30, 1999 ONB had, on a consolidated basis, six branches operating in Orange County, California, with total deposits of \$246.7 million, total loans of \$152.9 million and shareholders' equity of \$25.1 million. CVB currently intends to continue to conduct CBB banking operations at all of the Orange branches. Each outstanding share of ONB common stock was converted into 1.5 shares of common stock of CVB. Based on the closing price of CVB common stock on October 1, 1999, the value of the total consideration paid in the Merger was \$88.8 million. No fractional shares of CVB common stock were issued in the Merger. In lieu thereof, each half of a share of ONB common stock will be converted into cash in the amount of \$13.44. The Merger and the Bank Merger are being accounted for under the pooling of interests method of accounting treatment.

CVB expects to issue 3,003,107 additional shares of Common Stock (subject to reduction to the extent cash is paid in lieu of fractional shares) to shareholders of record as of the close of business on October 1, 1999, and 340,500 additional shares of Common Stock to the 1993 and the 1997 Stock Option Plans pursuant to the exercise of options to purchase Orange National Bancorp stock which were assumed as options to purchase CVB Financial Corp.'s common stock.

In connection with the Merger and the Bank Merger, Mr. San Vaccaro, former Chairman of the Board of ONB and Orange has joined the boards of directors of CVB and CBB.

Unaudited Pro Forma Condensed Combined Financial Information

The following Unaudited Pro Forma Combined Condensed Balance Sheet as of June 30, 1999, combines the historical consolidated balance sheets of CVB Financial Corp. and Orange National Bancorp as if the merger had been effective on June 30, 1999. The Unaudited Pro Forma Combined Condensed Statements of Income for the period ended June 30, 1999 and the year ended December 31, 1998, present the combined results of operations of CVB Financial Corp. and Orange National Bancorp as if the merger had been effective at the beginning of each period. Dollars are in thousands except for per share data.

The Unaudited Pro Forma Combined Condensed Financial Information and accompanying notes reflect the application of the pooling of interests method of accounting for the merger. Under this method of accounting, the recorded assets, liabilities, shareholders' equity, income and expenses of CVB Financial Corp. and Orange National Bancorp are combined and reflected at their historical amounts except that the balance sheet for June 30, 1999 reflects the estimated merger related charges of \$4.9 million, after income taxes and assuming a 41% effective tax rate. The pro forma combined figures shown in the Unaudited Pro Forma Combined Condensed Financial Information are simply arithmetical combinations of CVB Financial Corp. and Orange National Bancorp's separate financial results; you should not assume that CVB Financial Corp. and Orange National Bancorp would have achieved the pro forma combined results if they had actually been combined during the periods presented.

The combined company expects to achieve merger benefits in the form of operating cost savings. The pro forma earnings, which do not reflect any merger costs or potential savings which are expected to result from the consolidation of the operations of CVB Financial Corp. and Orange National Bancorp, are not indivative of the results of future operations. No assurances can be given with respect to the ultimate level of expense savings.

CVB Financial Corp. and Orange National Bancorp consolidated financial statements are prepared in conformity with generally accepted accounting principles. In the opinion of CVB Financial Corp. and Orange National Bancorp, the unaudited pro forma condensed combined financial statements include all adjustments necessary to present fairly the results of the periods presented.

Notes to Unaudited Pro Forma Condensed Combined Financial Statements

Basis of Presentation

CVB Financial Corp. ("CVB") acquired Orange National Bancorp ("ONB") for a fixed exchange ratio of 1.5 CVB shares of common stock for each ONB share of common stock plus cash for any fractional shares. Since these are pro forma statements, no assurance can be given as to the amounts reflected in these financial statements as to whether they would have been representative of the actual amounts presented had the companies been combined at that time.

Certain information presented in the historical information of ONB has been reclassified to aid in the presentation of these pro forma condensed combined financial statements.

2. Pro Forma Adjustments

Shareholders' equity has been adjusted to reflect the number of shares outstanding for the issuance of 1.5 shares of CVB common stock for each share of ONB common stock. In addition, the merger calls for the stock options of ONB to be converted into stock options of CVB at the same ratio of 1.5 CVB common stock option for each ONB common stock option. Shares outstanding for each period presented have been adjusted to reflect the exchange ratio.

Basic pro forma combined net income per share is based on net income and the weighted average number of outstanding common shares. Diluted net income per common share includes the dilutive effect of stock options. The weighted average number of outstanding common shares has been adjusted to reflect the conversion of each share of ONB common stock into 1.5 shares of CVB common stock and the conversion of each ONB into CVB options.

3. Merger Related Charges

These charges are accrued in the Balance Sheet only due to the non-recurring nature of these charges. While we cannot accurately determine the total merger related charges at this time, we estimate that we will incur the following charges:

Employee Costs
Investment Bankers
Professional Fees
Data Processing

\$2,282,000 880,000 1,067,000 627,000 -----\$4,856,000

Our cost estimates are forward-looking. While most of the costs represent costs incurred to the date of this Form 8-K, the ultimate level and timing of the recognition of such costs will be based on the final completion of the integration plan.
